Preface:

flower types and colors vary, some are characterized by unusual shapes, some smell magnificent. However, wax flower and qarnoza brought both together. qarnoza flower is a popular ornamental plant and the hues of these flowers range from milky white to bright pink. This gives them an enchanting beauty. Qarnoza also has an alluring aromatic scent.

Why QARNOZA?

Every beauty is compared to flowers and roses. Poems and epics were written with their beauty. Which represents our trademark Qarnoz in the best way, inspired by the unique distinction of the Qarnoza flower among our flowers and its musk scent. First impression is formed in a very short time. However, choosing clothes and makeup would not be complete without a distinctive perfume that matches sophistication. Our Brand ensures the fulfillment of this desire by offering a perfume that guarantees the customer's Desired first impression.
